The Famous Great Geysir  
Gullfoss Waterfall  
National Park of Pingvellir  
Friðheimar Greenhouse  
The Blue Lagoon  
City Tour of Reykjavik  
Perlan Museum & Observation Deck

### Day 1 – Arrive Reykjavik

Welcome to Iceland, Home of the Vikings. On arrival, at Keflavik Airport, you are transferred to your hotel in Reykjavik. The rest of the day is spent at leisure.

### Day 2 – Reykjavik to Borgarbyggð Municipality

This morning we depart Reykjavik and head north into the Borgarbyggð municipality. Stop at **Deildartunguhver, Hraunfossar & Barnafossar Waterfalls**, before continuing to **Reykholt** where we visit its historical center. Later, visit the **Kolugljúfur Canyon** before arriving at the hotel.

### Day 3 – Borgarbyggð Municipality to Snæfellsnes Peninsula

Today we depart for **Snæfellsnes Peninsula**. A place where nature, history and folklore come together to form a place of rugged beauty and mysterious charm. Jules Verne used Snæfellsjökull glacier, the volcano at the western tip of the peninsula, as the gateway in his story "Journey to the Center of the Earth". Spend today exploring the peninsula in its entirety.

### Day 4 – Snæfellsnes Peninsula to Akureyri

Make our way through the **farmland of Húnavatnssýsla** to Akureyri. Different from the volcanic, glaciated landscape of the south, Húnavatnssýsla can be considered more like the Scottish highlands, green and rounded. Stop at **Glaumbær Museum** to learn about the turf farmhouses, said to have stood on the hill at Glaumbær since the Age of the Settlements, 900AD. Later in the afternoon, enjoy a **Whale Watching Tour** off the northern coast.

### Day 5 – Akureyri to Mývatn

Continue inland to the spectacular **Goðafoss Waterfall**, with water falling from a height of 40 ft over a width of 100 ft. Heading back to the coast, we stop at the old fishing village **Húsavík**, Whale Capital of Iceland. Our journey continues through the **Tjörnes Peninsula**, one of the best-known geological locations of the country.

Glaumbær

Geysir Geothermal area

Blue Lagoon

### Day 6 – Mývatn to Egilsstaðir

This morning we head towards the **lava field Dimmuborgir** and the **Námaskarð hot springs**. Afterwards, we make our way to the **Dettifoss waterfall**, the second most powerful in Europe, and the **wastelands of Möðrudalur**, visiting the highest elevated farm in Iceland, before stopping at the banks of Lagarfljót glacial river for the night.

### Day 7 – Egilsstaðir to Höfn

Today we traverse through the **Eastfjords of Iceland**, passing through the quaint villages of Reyðarfjörður, Stöðvarfjörður and Djúpvogur. Eastern Iceland has many narrow fjords surrounded by steep cliffs, boasts the sunniest weather in the country and is filled with some of Iceland's most well-known and loved wildlife. Along the way we visit **Petra's Mineral Museum**, a unique museum showing the mineral collection and life of Ljósbjörg Petra María.

### Day 8 – Höfn to Vík

This morning we travel to Europe's biggest glacier, **Vatnajökull**. Here we take a **cruise on the glacier lagoon** and drive across the **black sand deserts**. Travel through the **Eldhraun lava flow** towards Reynisdrangar and heading towards Vík. Arriving at Vík, we visit **Reynisfjara Beach**, a world-famous black sand beach surrounded by enormous basalt stacks.

### Day 9 – Vík to Reykjavík

This morning we drive along the southern coast, stopping to see the **Seljalandsfoss and Skogarfoss waterfalls**. After, we visit the famous **Geysir Geothermal area** with its **Great Geysir** and dotted with many other hot springs. Later, visit the massive **Gullfoss Waterfall** and the **National Park of Þingvellir** before travelling to Reykjavík.

### Day 10 – Reykjavík

This morning is spent relaxing at one of the world's 25 wonders, the **Blue Lagoon**. Later in the afternoon, we enjoy an in-depth **City Tour of Reykjavík**, the capital of Iceland, where we see many of the highlights the city offers, including the **Museum of Perlan** and its **Observation Deck** overlooking the city. In the evening we enjoy a **farewell dinner**.

### Day 11 – Depart Iceland

This morning we say our farewells as we head back home to Canada.

### PRICING

Double \$8,199

Single \$9,999

All prices are per person and include taxes and fees.

Not included in price: international airfare and any additional costs imposed by the airline.
